

Selworthy School

Remote Learning Offer

If a learner is absent during term time, we encourage our families to continue their educational studies until they are well enough to return to school. If the absence is prolonged, the Class Teacher will be happy to provide a pack of resources to suit your child's or young person's educational needs.

The following online resources are also available. These are also useful should we have a "snow" day:

General

[BBC Bitesize](#) - Lots of fun resources and games for children and young people.

[Welcome to HelpkidzLearn](#) - Fun, accessible games & activities designed specifically for young children & those with learning difficulties.

[Twinkl](#) - This website provides home learning from reading to activity packs.

[Oak Academy](#) - Online home learning site for all age ranges covering curriculum subjects.

[Go Board Maker](#) - A communication platform.
