Class News: Saunton

The Happen Happenings at Hinkley

On the 2nd of April Saunton and Woolacombe went to the nuclear plant Hinkley. They went because it coincided with school's science lessons.

They took two buses to the Bridgwater College and had a look at some models of the power plant parts. Then they learnt more about Hinkley in a presentation.

Next, they went on another bus and went through the countryside to get to Hinkley point C. On the bus tour they loved looking at the power plants, the tour guide said, "It's like a mini city."
